

Dear Sir,

We had ordered Compressed air audit service from Compressed Air Management Co.,Ltd. for audit our Air compressors at **Offshore Satun and Funan station** as detailed below:-

Performance and efficiency Audit

Flow consumption Audit

Compressed air Quality Audit (Dewpoint)

System air supply side Audit (Compressor Behavior)

We would like to place on record our sincere thanks to you and appreciation of the support extended by your staff in terms of technical details that helped in enhancing our service efficiency in terms of quality and promptness.

This thank you would not be complete if a special mention is not made of your service team who were always available to guide us.

We are glad to have made this business relationship and look forward to its long term growth and continuity with the assurance that we will look forward to placing a new order for the said controller also in our future expansion plans.

Best Regards
