54 Moo 3 T. Bangkayang A. Muang Pathumthani 12000

Dear Sir,

We had ordered Compressed Air Control ENERGAIR Model SX5 from Compressed Air Management Co.,Ltd. for controlling our Air compressors as detailed below:-

3 of fix speed air compressor (Atlas Copco)

3 of fix speed air compressor (SullAir)

All units install power meter for monitoring

After finishing installation and commissioning, the energy consumption was reduced approximately 14%

We would like to place on record our sincere thanks to you and appreciation of the support extended by your staff in terms of technical details that helped in enhancing our service efficiency in terms of quality and promptness.

This thank you would not be complete if a special mention is not made of your service team who were always available to guide us.

We are glad to have made this business relationship and look forward to its long term growth and continuity with the assurance that we will look forward to placing a new order for the said controller also in our future expansion plans.

Best Regards

Nopporn Sriprasert

Maintenance Reliability Leader
